

## Kennisnetwerk Milieu 25 years! Aktief Slip 50 years!

Kennisnetwerk Milieu – the alumni association of Environmental Sciences – was founded 25 years ago during the 25<sup>th</sup> anniversary of Aktief Slip, the study association of Environmental Sciences.

We celebrate our 25<sup>th</sup> anniversary together with the 50<sup>th</sup> anniversary of Aktief Slip, by organizing a reunion on 25 March 2017, *for everybody who studied, or is currently studying, Environmental Sciences.*

You are most welcome at our reunion, to meet your fellow students, to catch up on old times, taste the spirit of current times, visit the new campus, and for drinks and dinner together.
